### 1. Computer Science

#### What did you like best about this course?

- The strong discussion focus and rotating topics with student leaders. I also appreciated the individual experiences added by the instructors.
- The material was unexpectedly interesting and enjoyable, except maybe the last two topics.
- The content is related to cs and helpful to cs students in general.

### 2. Written Comments

#### Additional comments

- Note this class has two instructors and no exams.
- This ethnic organized materials related to cs students which is every helpful, comparing to the school wide one.
