### 1. Computer Science

#### What did you like best about this course?

- I liked the discussion part of the course, it always helps me understand other point of view regarding interesting topics such as ethics in CS.
- Extremely interesting class discussions and topics. The professors did a great job asking questions to the class that sparked discussions.
- This course is a good opportunity to learn about topics in ethics that I would normally not think about. Sriram and Alberto make it a point to keep the discussions relevant to computer science and the material is really interesting!
- The discussions.

#### Additional comments

- This is the first time a course of this nature has actually been fun and enjoyable. Professors Pemmaraju and Segre did a great job picking interesting topics and sparking great discussion. I would definitely take a course similar in nature to this course again
